

Dear Friends,

Please join me in supporting The Michigan World War II Legacy Memorial with your generosity.

Michigan was the “Arsenal of Democracy.” Our factories retooled rapidly to give our soldiers, sailors, marines, and airmen the instruments to defeat the Axis powers. We produced jeeps, M-5 tanks, and B-24 bombers.

In addition, thousands of military personnel from Michigan gave their lives defending freedom during World War II and countless others were wounded. We owe it to the Greatest Generation to ensure their sacrifices are never forgotten.

The Michigan World War II Legacy Memorial will enable future generations to appreciate how an entire country mobilized to defeat evil in the world and the significant role Michigan played. Chances are, like me, you are related to someone who served in uniform or supported our troops back home. Make a donation today in their name.

For more information or to view the architectural renderings for The Michigan World War II Legacy Memorial go to www.michiganww2memorial.org

Yours very sincerely,

A handwritten signature in black ink, which reads "L. Brooks Patterson". The signature is written in a cursive, flowing style.
